

Native American Water Association Training and Technical Assistance available at no cost...

Inquire about our onsite technical assistance and training for drinking water systems and advanced wastewater systems operations and troubleshooting. We will bring the training directly to you as we work to recover from the COVID-19 Pandemic. Call us at the NAWA and we can discuss your concerns and technical assistance and training needs. Office at (775) 782-6636 or cellular (775) 745-5323 to schedule a visit.

This unique technical assistance and training opportunity especially designed for tribal drinking water and wastewater personnel.

Sign up now! This opportunity will fill up quickly!
